Approved IMI Postage Solution

PostBase® pro DS

PostBase® pro DS

The next generation of PostBase®

The PostBase® pro DS is a robust and intuitive mailing system that offers uncompromising service for the professional mailroom. It offers high-tech capabilities, with an easy-to-use touchscreen and award-winning design. The PostBase® pro DS can process mixed weight mail by simply placing your mail in the self-adjusting feeder and letting the machine do the rest. As one of the first USPS® IMI-compliant meters in the market, and the only machine in its class to offer SealCheck technology, the PostBase® pro DS is one of the most secure mail machines available.

Pro Performance

The key to reliability and performance is the Stack & Go feeder with the large format feed deck and adjustable anti-skew rollers that prevent stoppages.

Dynamic Scale

High speed processing of mixed mail up to 90 letters per minute using the in-line dynamic scale that accurately measures the size and weight of each envelope.

USPS® IMI Approved

Equipped with the most up-to-date USPS® Intelligent Mail Indicia (IMI) technology. The PostBase® pro DS is designed to fully meet all USPS® standards and requirements.

SealCheck Sensor

Exclusive to FP's PostBase® line, SealCheck envelope sealers ensure security by validating that each envelope flap passes through the sealer.

Add-on Products

Get the most out of your Postbase® pro DS

High Capacity Envelope Catch Tray

Improve productivity by adding a high capacity catch tray that can hold up to 350 finished envelopes reducing the amount of manual unloading. With a durable design and compact footprint it will fit onto any mailroom table by hanging off the right side with a sturdy support.

Custom Mailroom Furniture

FP Mailroom Furniture is designed to provide superior protection for FP machines. Our engineers worked to create a line of furniture that increases the lifespan of your FP Mailing machines by preventing sagging and vibrations that can damage heavy mailroom equipment.

FPi Folder Inserter to PostBase® pro Interface

Further streamline your mailing process with folder inserter solutions for the modern age. By combining just two machines, you can transform printed paper into folded, stuffed, sealed, weighed, metered, and stacked mail in one streamlined process. The FPi Folder Inserters also have a secondary benefit of added security for sensitive documents such as: checks, invoices, legal notices and medical documents.

FP Parcel Shipping

Ship. Track. Save.

Paired with the PostBase® pro DS, FP Parcel Shipping is the perfect companion to send packages. FP Parcel Shipping comes equipped with the USPS® shipping rates with the option to add multi-carrier shipping, giving you the power to select the best rate for the day you want your package to arrive.

Saving time and money while sending packages has never been simpler. This online shipping application allows you to easily compare rates and print shipping labels with the tracking barcodes for the carrier and service selected.

FP Parcel Shipping also offers:

- Discounted Commercial Plus® Pricing
- Free insurance on Priority Mail® and Priority Mail Express® (up to \$100 value)
- CASS address correction and validation
- Package tracking dashboard with email notifications
- Add-on multi-carrier rate shopping option

Label Printer (optional)

External Scale (optional)

Prints IMpb compliant tracking labels on letter size paper or 4" x 6" thermal shipping labels
